Fast Track, 1 Year Schedule

This schedule of learning is spaced over 1 year with 48 weeks of class. Students will watch 4 videos a week. Units of study are organized by color, and the videos are titled in order under each unit color.

Please feel free to print up this guide. We've provided space for you to write in the date that each week's class will take place. This should help you in calculating necessary breaks or holiday time for our group. There is also a space for you to write which days you will watch each of the 4 videos weekly. We recommend 2 videos a day over 2 days weekly. Make sure to factor in time in the week to do your class reading as well.
